

AGN. NO. \_\_\_\_\_

MOTION BY SUPERVISOR DON KNABE

October 31, 2006

Credit Unions occupy a unique place in the financial services industry and are critical to the economic viability of communities across the country. Their presence in local neighborhoods increases the range of financial products available to local residents.

There are several Credit Unions within the County that offer financial services to County employees and their family members. These services, although not publicly celebrated, have been provided for decades. Still, there are many employees who are not aware of the many benefits offered by these institutions.

A "Credit Union Day" is an appropriate vehicle to celebrate the good work that Credit Unions do in communities across the County, and to reacquaint County employees with the numerous financial benefits available to them.
